For more than sixty years, Beth Tzedec Sisterhood has played an important role in synagogue life. If you are not a member of Sisterhood, we invite you to join us; if you are a continuing member, to you we say thank you. Your contribution is instrumental in our mission to support, and initiate educational, social, and family programs. Recently, Sisterhood partnered with the synagogue and renovated the (Bride's Room), renamed the Simcha Room. The enhancements make the space more functional, especially with the added amenities that aid in the preparation for those special occasions.

Your \$36.00 annual membership in Sisterhood includes membership in Women's League for Conservative Judaism, the international arm of Conservative women and the world's largest synagogue-based women's organization. Through this Conservative/Masorti movement, they provide service to hundreds of affiliated women's groups across North America, and thousands world-wide. WL offers its members, programs, educational support and friendship. To learn more about the benefits of being a member, please visit www.wlcj.org.

As we encourage membership participation on our Board and embrace new ideas and suggestions for programs, we look forward to welcoming you as a member of Sisterhood. For any information, please do not hesitate to contact us through the synagogue office at 416-781-3511.
